

Peoria Charter Ensures your Good Health

At Peoria Charter, our passengers safety has always been and will always be our number one goal.

All coaches are sanitized, including: Entire driver's area • Overhead compartment doors & handles • Seats • Restrooms and all other commonly touched areas including overhead handrails, door handles and railings going up the steps at the front of the busses.

We are using EcoLab's Peroxide Multi-surface Cleaner & Disinfectant. It kills the coronavirus in 5 minutes but starts killing other germs and bacteria within 45 seconds. This product is also on the EPA's confirmed list of products to use specifically with COVID-19. Below are some more features/benefits of the product. One of our favorite things about this product, besides its effective elimination of viruses, is that it is a green, eco-friendly product that is non-toxic to humans and animals.

Features and Benefits:

- Quickly disinfects high-touch-points
- Kills Norovirus in as little as 45 seconds (1)
- Broad disinfection claims with 3-5 minute kill time (2)
- Effective against emerging viral pathogens after the CDC has declared an outbreak (3)
- 3-IN-1 product simplifies the cleaning process and creates operational efficiency
- Fresh and pleasant scent

Effective On/Against:

Variety of surfaces, including streak-free performance on glass

Kills Norovirus in as little as 45 seconds (1). Kills Influenza A and B virus, Salmonella enterica, MRSA, HIV, Canine Parvovirus, among other organisms (4) in 3-5 minutes

PMSCD is effective against all three levels of emerging viral pathogens based on difficulty level of kill, and can be used once the CDC has declared an outbreak (4) Refer to EPA master label under #1677-238
